

Name: _____

Mountain Caribou

1. Why do mountain caribou go up high into snowy mountains in the winter?

2. Name two adaptations that mountain caribou have to help them go up into the snow. Explain how these adaptations help the caribou.

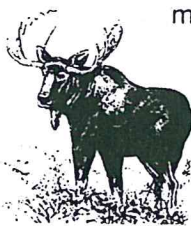

1) _____

2) _____

3. Create a food chain by connecting these plants and animals with arrows. Draw arrows from one species to the species that it feeds. For example you could draw an arrow from a mountain caribou to a wolf or from a ~~moose~~ to a ~~willow~~. Draw as many arrows as you can.
